## Island Colors

Color inks are not recommended on color napkins.  
Please choose from black ink, metallic inks, foil or deboss options.

B12IS

Island Colors Also available in Dinner napkin

B12CS

D52C

### FOIL STAMP & DEBOSS OPTIONS

Available on TK Cups-Sorg's Petite Line napkins only.

Maximum imprint area: 3" x 3"

Standard foil: Gold, silver, black, white, red, blue, & green.

Other Colors: May require additional production time & additional cost.

### Light-Tone Colors

### Deep - Tone Colors

Please note: The PMS colors referenced on these pages are only a guide. We cannot match napkin colors exactly to the Pantone® colors listed. Colored napkins are dyed tissue paper and will vary slightly in the degree of "brightness" and/or shade from lot to lot. It is possible that Beverage napkins and Dinner napkins of the same color will not match exactly. Please call for a current sample if this is a concern. PMS colors listed above are approximate.

### Color Changing Characteristics:

The nature of the color changing effect on mood cups is such that the color will be pastel and not a solid color.

### Formation of Mood Cups:

Due to the color changing additive in the plastic, it is normal to see air bubbles, especially around the lip and rim. This is not a defect.

### ENVIRONMENTAL LOGOS

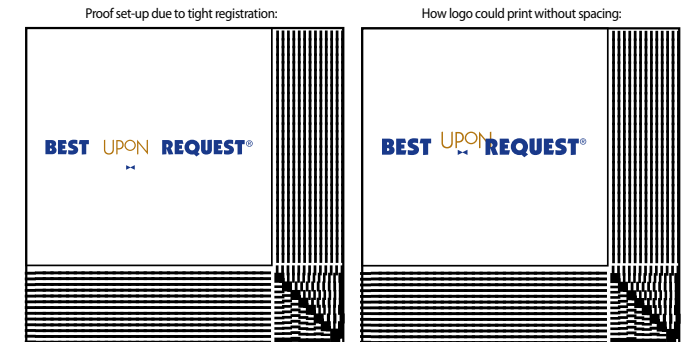

- Not harmful to the environment. Biodegradable, compostable, reusable, or made from 100% Recycled Material. Doesn't contribute to air, water and land pollution.
- Free of Bisphenol A
- Compostable
- % of Recycled Content
- REUSABLE
- PETE Recyclable, contains PETE or PET (Polyethylene Terephthalate).
- PP Recyclable, contains PP (Polypropylene).
- PS Contains PS (Polystyrene) (Styrofoam).
- OTHER Recyclable, contains a mix of plastics that include polycarbonate.

## Tight Registration

One of the challenges of printing 2-color imprints on our low quantity Petite Line Napkins is registering artwork with colors that are too close together.

We require at least a 1/4" space between each imprint color.

This is how the customer wanted the art to appear:  
**BEST UPON REQUEST**

Logo is set up as shown above in order to help prevent the movement of each ink color from overlapping each other as shown on the right.

We recommend printing this logo in one color as below:  
**BESTUPONREQUEST**

## Colored Ink on Colored and Kraft Products

Non-opaque ink is used when printing napkins. The color of the napkin shows through the ink, which is why we are unable to guarantee exact color match. We only recommend printing black, metallic gold, or metallic silver inks on colored napkins. Another alternative is to print a foil imprint (see foil stamping below). If printing regular PMS ink colors on colored products, we suggest a pre-production proof to be done if you are concerned.

This is a sample of how the color of inks can vary when printed on colored products. This is not an exact representation. This is simply meant to explain why we do not guarantee or recommend printing all PMS colors on colored products. Please visit [www.tkcups-sorgs.com](http://www.tkcups-sorgs.com) for our list of recommended inks to print on colored products.

## Foil Stamping

Foil imprints can range in quality. Foil stamping can produce jagged imprint edges. We do not recommend foil when printing artwork with small details because they may fill in or drop off at press. Foil may rub off or flake, particularly when wet.

## Digital Printing

Is an ink jet process that uses CMYK, otherwise known as 4-color process (4CP). It is perfect for smaller quantities, photo replication, and replication of special effects such as shadows, highlights, and dramatic contrasts. This process can hold great detail, however it is not ideal for Pantone color matching. All PMS/spot color logos are converted to 4CP. Most Pantone colors will appear different when converted to 4CP. This is not considered a defect.

Example of digital printed coffee sleeve

## ARTWORK SPECIFICATIONS

**ACCEPTABLE FILE FORMATS:** Vector art files only please (AI, PDF, or EPS). Raster or placed images (JPEG, TIF, or PS) will print rough and jagged and produce unsatisfactory results.

-E-mail artwork to [artwork@tkcups-sorgs.com](mailto:artwork@tkcups-sorgs.com). If your file is too large to e-mail, send it to us using Dropbox or your choice of file transfer options.

-When submitting artwork via email indicate your purchase order number and company name in the subject line. Within the body of the e-mail please include the sender's full name and contact information, the desired PMS colors, image placement, image size and any other special requests (example: typesetting or clip art).

-Convert CMYK art to spot colors (PMS #s) unless you are requesting a CMYK print job.

### COLOR REGISTRATION ON PETITE LINE NAPKINS:

1/4" space between colors is required as each color will shift up to 1/8" in any direction at press. Art files submitted with different colors touching or separated less than 1/4" will be returned for an art revision.

### COMMON ARTWORK ERRORS:

#### IMAGE SET-UP NOT INDICATED

If the imprint size/location is not indicated on the purchase order or artwork file, we will place the art at our standard (straight and center) maximum imprint area.

#### MISSING FONTS

Text must be saved as outlines as we may not have the font you used. Art with text not saved as outlines will be returned for a revision.

#### MISSING IMAGES

All images used in a file should be embedded rather than linked.

#### INK COLOR NOT INDICATED

If the ink PMS color is not indicated in the purchase order or artwork file, we will select our closest stock ink color. PMS matching is available for \$25.00 (v).

#### DISCLAIMERS:

**PETITE LINE:** The direction of a second side imprint is **not guaranteed** to match the direction of the first side on Petite line coasters.

**GRANDE LINE:** Up to 4 colors on second side and full bleed available only on Grande Line and Digital coasters.

**IMPRINT LIMITATIONS ON PETITE LINE CUPS:** Cups are both a rounded and tapered surface. Printed circles may appear slightly egg shaped, squares and rectangles may appear slightly trapezoidal, and straight lines or lines of text may appear slightly bowed. Many factors can contribute to this distortion, with the size of the imprint being the most common.

**PRODUCT COLOR VARIATIONS:** Paper will vary slightly in degree of "Brightness Level" from lot to lot. Therefore, some lots may appear to be a brighter shade of white than others. Also, colored napkins are dyed tissue and shades or napkin color can vary from lot to lot as well. These facts are especially important to note in regard to repeat orders and/or ensembles of different products. Colored plastic items may also vary in color from lot to lot.

#### REGISTRATION OF REVERSES WITH 2 OR MORE COLORS

Due to our printing process we are not able to guarantee registration throughout the entire printing run when a reverse out area intersects 2 or more colors. Example of the reverse through 2 or more colors.

## FONTS

All fonts must be 9 pts. or greater as smaller font sizes may fill in while printing. Serif and script fonts, reverse type, or type on fluted cups must be 10 pts. or greater. Each print job's fonts are assessed on an individual basis. Often a slight stroke weight will be added to the font to avoid printing issues. Save all type as outlines.

|                 |                      |             |
|-----------------|----------------------|-------------|
| San-Serif font: | Script font:         | Serif font: |
| Helvetica 10 pt | <i>Mistral 10 pt</i> | Times 10 pt |
| Helvetica 9 pt  |                      |             |

### SCREENS/HALFTONES AND GRADIENTS

Will not be accepted as these images are made up of a series of dots rather than a continuous tone and may print dotted, drop off or fill in, and have jagged edges. Adjust halftones and gradients to 100% spot color

### LINE WEIGHTS

Thin lines under 1 pt. do not print well on our products, and will tend to fill in or drop off at press. We recommend using a 1.5 pt. line weight or greater. For reverse line work a 2 pt. line weight or greater is recommended. In order to achieve a quality imprint we will alter line weights received under our minimum requirement if it does not compromise the overall look of the artwork.

### PETITE LINE CUP IMPRINT AREA

The maximum imprint area is determined by a top width x height x bottom width. By using the tapered imprint area the distortion is reduced. All images are placed at maximum imprint size in the center of cup unless another placement is requested. This does not apply to 1-color wrap imprints on applicable products.

### INK ADHESION:

Plastic bottles, cups, and plates are sold as disposable and for one time use only. Some cups are stamped as residential top rack dishwasher safe. However, due to environmental variables beyond our control, the imprint is not guaranteed to stay on.

**INK ON KRAFT OR COLORED PRODUCTS:** Please see our website [www.tkcups-sorgs.com](http://www.tkcups-sorgs.com) for a list of ink colors that may work on colored products. PMS ink mix charge may apply.

### STOCK INK COLORS:

## ORDERING INFORMATION

All purchase orders must have the following:

- Item number(s)
  - Item description(s) (including item color +/- style)
  - Imprint color(s) with PMS#, standard ink or foil color (whichever applies)
  - Typeset or logo placement
  - Additional charges (additional color, 2nd side, foil, special pack, etc.)
  - Order quantity
  - Shipping method (our standard=Ground)
  - Requested ship and/or in-hands date
- Production will begin after completed purchase order has been received (with all above information) and proof(s) have been approved.

**SHIPPING** All pertinent shipping, special packaging, special labeling and ship-to addresses must be supplied at the onset of the order. Orders will not be released to production if special packaging or labeling information has not been provided. Additional charges will apply if changes are made once the order is in production. U.S. Postal Service: \$31.25 (v) processing fee per shipment. Handling charge: \$7.50 (v) per shipment.

**SPLIT SHIPMENTS:** \$10.00 (v) per location after the first location. (Full cases only) Petite Line Products Only - call for details on all other products.

**CHANGE IN SHIPPING REQUIREMENTS:** A change in shipping address, method, quantity etc. can be made on orders 72 hours in advance of the shipment at no charge. We are not able to accommodate same-day changes to shipping requirements.

### TK CUPS-SORG'S GRANDE & FLEXOGRAPHIC LINES:

All orders are shipped F. O. B. point of manufacture, and are shipped in the most economical method available, unless a specific method is requested.

**LIGHTNING RUSHES:** Your Purchase Order must contain complete and accurate information including price, product and shipping details in order to be considered a lightning rush. Lightning rush art must be ready to print and fall within our Art Guidelines. Your proof will be automatically waived. Our website contains templates for each product that may be useful to you.

**WAIVED PROOFS:** By submitting a lightning rush or other order with a waived proof you acknowledge that we will not alter your art and that your art file complies with our Art Guidelines and limitations. Some of our published disclaimers may apply.

### ARTWORK FEES:

-Non stock clip art research fee: \$25.00 (v) per image.  
 -Redraw logo/convert to vector art: \$80.00 (v) per hour.  
 In order not to delay your order, we will automatically make minor necessary adjustments to your artwork for a fee of \$20.00 (v) for up to fifteen minutes of artist's time on your project. This charge will be applied automatically to your bill. Examples of necessary revisions may include (removing effects, alterations to original art, etc). For any adjustments that will take longer than fifteen minutes, we will contact you for pre-approval. Our graphic services rate is \$80.00 (v).

**ORDER CANCELLATION FEE** \$37.50 (v), plus all costs incurred through date factory receives cancellation notice. Order cancellations must be in writing.

**BLANK PRICING** Petite line items only. EQP less 10%.

**PAPER PROOFS:** No cost on all products. Lead-time is approximately 24 hours after receipt of artwork and purchase order. Proof will be received within 24 hours of receipt of the order acknowledgement. Additional charge of \$25.00 (v) for each revision after the second proof.

**VIRTUAL PROOFS:** \$25.00 (v) for virtual proof + 1 revision. All additional revisions will be \$15 (v).

**INK DRAW DOWN** (used for color match) \$31.25 (v) actual PMS color ink is rolled onto substrate. Artwork is not used for this process.

**TK CUPS-SORG'S PETITE LINE: PRODUCTION PROOFS:** \$25.00 (v) per color, plus any applicable set-up charges. 5-day lead time is required.

### TK CUPS-SORG'S GRANDE & FLEXOGRAPHIC LINES:

**PRODUCTION PROOFS: (See product page for availability)**

**NAPKINS:** \$400.00 (z) plus applicable set-up charges.

**CHROMALIN PROOFS** (color correct) Available on some products. \$475.00(z) Per Proof + each revision.

**COLOR KEY PROOF** Color separated acetate with template layout. Not available on all products. \$475.00(z) Per Proof + each revision.

### PRODUCTION 4-COLOR PROCESS PRINTING:

Available on all TK Cups-Sorg's Flexographic Line & only on Grande Line 2 or 3ply White Napkin products. Please call for details. All 4-color process imprints require a Chromalin/watercolor/pre-production proof to match at press. All final proofs must be returned to the factory to match at press.

**PRINTING PLATES WITH REPEAT ORDERS:** Printing plates are re-useable for a period of 2 years. Repeat orders produced within that 2 year period will not incur set-up charges.

**TK CUPS-SORG'S PETITE LINE:** All orders produced to quantity ordered with the exception of products being out of stock.

### TK CUPS-SORG'S GRANDE & FLEXOGRAPHIC LINES:

TK Cups-Sorg's adheres to print industry standards of +/- 10% over/under runs. All orders are produced in full case quantities only.

**SPECIAL PACKAGING/LABELING** In some cases special package counts may be approximate as the product is weighed, not counted.

#### -NAPKINS:

(Orders of 10M minimum) Minimum package count is 16 count, 16-100 ct. packages. Call for quote.

#### -ALL OTHER PRODUCTS:

Special packaging charges will be quoted per request. Please call for details.

#### -SPECIAL LABELS - Quoted by request.

#### -CUSTOM CASE PACK - Quoted per job.

**PRODUCT SUBSTITUTIONS** Factory reserves the right to substitute our products with one of a similar design and function. Notice may or may not be given at factories discretion.

**DAMAGED/SHORTED ITEMS** Before leaving the factory, every order is inspected at least twice for quality, breakage, appearance and correct count. It is recommended that ALL packages be inspected for proper count, colors & sizes immediately upon delivery. In the event of shortages, our factory must be notified immediately. Shortages or factory errors will be replaced or a credit will be issued by the factory within 30 days following the initial delivery. Claims for damaged or lost shipments must be filed with the freight carrier. Factory will NOT BE responsible for merchandise lost, damaged, or delayed by the freight carrier.

**RETURNED/REFUSED ITEMS** Custom imprinted items are not returnable or refundable for credit unless there is a factory error. Factory must be notified immediately if a shipment is refused or returned for any reason. No unauthorized return shipment will be accepted. Customer will be invoiced for freight charges incurred for unauthorized return shipments.
